POHLEN HOSPITAL

We offer access to comprehensive services to improve and maintain quality and restore people's health.

We develop innovative methods of service delivery in a secure, safe, peaceful environment in beautiful and well-maintained surroundings.

The management and staff strive to offer the highest standard of care for all your health and security needs.

OUR VISION

To bring community and health together

OUR MISSION

"To provide and facilitate quality health and wellness services for the Matamata Community and the surrounding area"

AGED CARE

Residents are nursed with care and dignity in the privacy of their own room. Residents are encouraged to personalise their rooms with previous possessions and furniture as this strengthens a sense of security and belonging. Single and double rooms are available; bathrooms are a mix of en-suite and shared facilities. Care has been taken with non slip flooring, safety handrails and seating.

Special dietary meals and requests are met. We ensure quality care is provided with 24 hour Registered Nurse cover and a GP or your choice.

All rooms have wheelchair access and are installed with automatic sprinkler systems and smoke detectors. A full laundry service is provided.

Residents are encouraged to join the therapy activities and events.

Therapy

A Diversional Therapist regularly organises daily exercises, mental stimulation, games, entertainment and special events. An Occupational Therapist and Physiotherapist are also available.

Residential Services Include

- ✿ Varied Menus

Government subsidies are available to residents who meet the qualifying criteria, these subsidies are set by the Government Gazette by Territorial Local Authority Boundaries and apply to Hospital levels nationwide.

MATERNITY

We offer free maternity services in a relaxed country style, with above average length of stay following the birth of your baby.

GP BEDS

Beds are available for short admissions by your GP for acute admissions that unable to be managed at home, but not needing transfer to Waikato Hospital or specialist secondary care. The service is free.

TRANSITIONAL CARE

This is a service targeted at those older people who would otherwise spend an inappropriate extended length of stay in acute inpatient services.

This is a free service designed to facilitate the transition from hospital to home and/or from medical dependence to functional independence.

Transitional Care funding also allows follow up at home with Rehab / Daily living.

CARER RESPITE

When you need a break from caring for your loved one, let us take care of them. Whilst this service is subsidised by the Ministry of Health, there is a nominal co-payment required.

ENDOSCOPY

Endoscopy procedures are performed in our theatre by a visiting specialist. These are day stay operations and are at the patient's cost

REHABILITATION SERVICES

Pohlen offers a range of rehabilitation services with access to both physiotherapists and an occupational therapist. Our newly converted Rehab Gym links directly to the Physiotherapy suite. We can provide both inpatient and community based (at your home) rehabilitation. There may be a charge for these services, please ask.

Pohlen is introducing Home-based Rehabilitation and Home Care Services to the Community.

ACC Community Rehab for non-acute injuries.

MEALS ON WHEELS

We offer a daily meals on wheels service with hot meals delivered at midday. Ask about our current prices.
